STEP 17: If needed: send application documents by ordinary mail

If you need an approved application form and learning agreement **with original signatures**, don't forget to send all the documents by ordinary mail.

Otherwise you don't have to send the paper forms, we will download everything from the portal, screen the application, approve (or not), sign and upload again.

STEP 18: Approval by the department (faculty) of PXL

After the formal check, the PXL department where you applied for will screen and approve your application. After the departmental approval, the central international office approves and uploads the approved application form, learning agreement and letter of acceptance in Mobility Online.

Good luck with your application!

STEP 6: Signatures

You now have to submit the changed learning agreement to:

- The coordinator at your home institution.
- The departmental coordinator at PXL.

They have to approve and sign the complete document. All the pages must be signed. This is your responsibility. Please note that we don't need original signatures, a scanned document (of good quality) is OK.

As soon as you receive an approved document, please give it to the departmental coordinator international relations of your department. He/she will send the changes to the international office, where the institutional coordinator will sign it. Afterwards the signed learning agreement changes will be

- uploaded in the online portal.
- forwarded to the student administration for formal registration.

It is very important that you are registered for the correct courses! Otherwise you cannot participate in exams, and we cannot provide your grades and transcript of records.

STEP 7: Download the signed Learning Agreement Changes

You can download the signed learning agreement in your personal workflow.
